

# PRICE TRANSPARENCY REQUIREMENTS

## *in primary care*

effective april 1st 2023

In 2018, the Minnesota legislature passed a new policy (Minn. Stat. 62J.812) which requires the prices for certain health care procedures be made available to patients. The law requires physicians and other allied providers to post the prices for their practice's 25 most frequently billed services that cost more than \$25.
